ghostradio dodecahedron
2.5x2.5x2.5 meters

inside is the water mechanism
and the broadcast antennas

cables

STORAGE

room ~25m2

ghostradio - technical schematic

we do need a storageroom beside the dodecahedron
the technical storage is for the computer and videoequipment
we need power supply there > 6 euro powerplugs 230volt
we do need a ethernet internetconnection there.

we do need some space arround the dodecahedron for the visitors
adequate lighting.
